# STATE OF FLORIDA – EPORTAL USER DOCUMENTATION

---

## Introduction:

The purpose of this document is to provide you, the e-Filer, with information necessary to file court case documents via the State of Florida's Statewide E-Filing Court Records Portal – commonly referred to as the "ePortal". The contents of this document will step you through the process of registering as a new e-Filer, managing your User Account, filing documents through the ePortal, generating reports and making payments for filings submitted via the ePortal.

As with documentation for any new system being deployed, this document will be revised as necessary to reflect modifications and enhancements to the ePortal.

## Account Registration:

Prior to utilizing the State of Florida e-Portal filers must create an account. Filers can access the ePortal's log-in page, by typing the following URL into their web browser: [www.myfildocuments.com](http://www.myfildocuments.com). Filers will be directed to the State of Florida ePortal's Welcome Page.

### Welcome to the Florida Courts eFiling Portal

The Florida Courts E-Filing Authority, through agreement with the 67 Clerks of Court, has established the goal that on or before July 1, 2012 all clerks will be prepared to accept eFilings through the Florida Courts ePortal, in the civil divisions (defined as circuit civil, county civil, probate, family, and juvenile dependency) and by December 31, 2012 for criminal divisions (defined as circuit criminal, county criminal, criminal traffic, civil traffic, and juvenile delinquency).

Please remember, rule 2.525, Rules of Judicial Administration, requires that any document filed electronically must be followed-up and filed with the Clerk as a paper document, with original signatures, during the first 90 days of eFiling. For this reason, the local Clerk's office may limit the number of filers participating in the eFiling Portal during the first 90 days of operation. Please contact your local Clerk's office for more information.
